

November 10, 2020

Hello St. HOPE Families,

Today, Sacramento County moved into the purple tier. We wanted to let you know that this does not require any changes to our operations at St. HOPE Public Schools. The updated guidance from Sacramento County Health Department states that schools that have reopened for in-person instruction are permitted to conduct in-person instruction. Schools are expected to maintain mitigation measures, including social distancing, face coverings and sanitization in compliance with schools guidance. St. HOPE Public Schools is implementing all mitigation measures at or above the recommended levels! The safety of our entire community will always be our number one priority.
